STANDING ORDER No. 10 D/17-12-1931.

Guns purchased with Superintendent's permission by approved Government servants are subject to the following conditions :—

- (1) The gun is given on account of his status and necessity as a Government servant and will not ordinarily be allowed unless he is an established and deserving member.
- (2) On his demise or removal from Government service it will only be on the most rare grounds that the gun will not be sold for use either by his successor where this is merited or to a villager requiring a gun. The proceeds will go to the owner or his family heir.
- (3) Such guns issued are not to be lent, except with Superintendent's or Assistant Superintendent's express permission or in the case of Lungleh except with sanction of the Sub-Divisional Officer. Breach of this rule will render the gun liable to confiscation.
- (4) Government servants proceeding on pension will be permitted to keep their guns only during their life time.
- (5) The Sub-Divisional Officer, Lungleh, may
 - A. Renew all licenses for guns within the Lungleh Sub-Division.
 - B. Sanction the purchase of Ammunition as allowed by the Superintendent in the scale given below or as modified from time to time.
 - C. Sanction transfers within his Sub-Division. Transfers to Aijal Sub-Division from Lungleh require Superintendent's sanction.
- (5A) No gun in the Aijal Subdivision is to be transferred from one man to another without the

Superintendent's sanction expressly given.

- (6) The scale ordinarily to be allowed throughout the Lushai Hills is.—

Muzzle Loaders $\frac{3}{4}$ lb powder...60 caps.

Breach Loaders Double Barrel...100 cartridges.

” ” Single ” ... 50 cartridges.

In the case of Breach Loaders no permission to buy either caps or powder will be given.

Revolvers 25

Rifles 22 50

Other Rifles 25

Restriction may be made in particular cases in discretion of the Sub-Divisional Officer, Lungleh, excess issue can only be allowed by the Superintendent.

- (7) Double Barrel Breach Loaders will only usually be allowed to special cases amongst persons drawing a regular salary over Rs. 100/-, unsalaried persons of status, or persons who have rendered the public or Government any conspicuous service.
- (8) In view of the fact that more guns have been issued already within the District than are strictly admissible by the Rules I have passed the order contained in para (2) above. All licenses, therefore, issued in future to Government servants will contain a reference to this Standing Order Number and date to make clear the conditions under which the license is issued to them.
- (9) In the case of confiscated guns it is my inten-

tion to give preference to villagers badly off for guns or to give these on loan to deserving Awn-puis or Melvêngs or poor Government servants for whom a gun is considered necessary.

- 10) As there are now more guns in the District than are strictly speaking allowed by the Rules only in the most exceptional circumstances can any further guns be issued until conditions change so much that the rules require revision.

STANDING ORDER No. 14 D/5-2-1932

In view of the fact that there are already too many guns within the Lushai Hills and further as those we have are very unevenly distributed persons bringing guns into Lushai from outside who are not Government servants will ordinarily be required either to sell their guns before entry, or sell their guns to

a village requiring a gun at a price fixed by the Superintendent or Assistant Superintendent.

STANDING ORDER No. 15 D/12 3-1932

Orders have already been passed that a villager
moving to Lushai from Tippera will not be allowed
to bring guns without my permission which will rarely
be given. Licenses for any guns having already been
brought into Lushai and which were originally licensed
in Tippera will only remain valid, subject to usual
conditions, for so long as the owners remain in their
present villages.

In the case of Pemming licenses will be cancelled unless the owner joins a village short in the scale of guns or unless the village in which he now resides is also short or unless he actually with his gun returns, with Tippera's permission, to Tippera. If the village in which he resides is short he will have to sell his gun at Rs 50/- only or take this gun back to Tippera, if Tippera so permits.

NOTICE

It is noticed by the Superintendent when hearing appeals by villagers from chiefs orders that it is quite usual for chiefs to declare that as the proof is not strong the customary fine is not levied. Chiefs must try to improve the standard of their orders. Either the chiefs Court hears acceptable and convincing evidence that proves a contention beyond all reasonable doubt or the evidence must be taken as insufficient. If proof is acceptable then a full award should usually be made, and if not full reasons should be given in the order for departure from Custom. If the proof is not convincing the evidence must be rejected and no award made.

An award of half a customary fines because proof is not convincing is a travesty of justice and should be avoided always.

NOTICE

Any one who deals with any Lushai or foreigner in relation to any business which purports to be Life Insurance, Mutual financial co-operation, and all schemes whereby money is given against promises of financial gain does so at entirely his own risk.

I am prepared free of all charges private or Government in the case of any Lushai or allied subject to give my personal opinion on any such cases which anyone may wish to show to me before he is committed in any way.

For any who do this I will try my best to give an opinion on the safety or the danger of their proposed venture.

For circulation in the Chanchinbu with the request to chiefs that their TLANGAUS may proclaim freely

for at least 3 consecutive nights in their villages to ensure that this notice is brought to attention of all Lushais and allied subjects.

ORDER

In supercession of all previous orders regarding jhuming near Government Bridle paths the following procedure will take effect from 1st July 1932. Ordinarily no jhuming will be allowed within 150 feet of either side of a Government road.

At the same time the strict enforcement of such orders would often impose serious hardship. Therefore all reduests for jhuming within this area will be sent at once to mohurirs in charge of their stretches who will report if jhuming takes place whether the road may really suffer and whether landslips are likely to be accelerated or if there are any other serious objections.

If reports are favourable and the administrative head is agreeable jhuming can be allowed. Questions of shade can not be allowed to interfere with the feeding of the mouths where a bonafide shortage of land necessitates jhuming within this 150 feet area.
